### JUST FOR FUN

#### Snow Fact:

People buy more cakes, cookies and candies than any other food when a blizzard is in the forecast.

#### Ski Fact:

Skiing is extremely popular in the US with 40 states having ski resorts. Vail Mountain Resort in Colorado is the nation's largest and most visited ski resort. Around 1.5 million visitors enjoy skiing at the 5,289 acre resort annually.

### President's Message

Happy Holidays and Merry Christmas to all! It was wonderful to see so many familiar faces as well as many new ones at our holiday party at the Tortoise Island Clubhouse on December 8<sup>th</sup>. The food, fellowship and music were outstanding and I know everyone in attendance had a fantastic time! Thanks to all who brought gifts for the Toys for Tots program and to those who brought food items for the Sharing Center. It warms my heart to know our club makes such outstanding contributions to these very worthwhile causes.

As the weather turns cool, many of us are getting psyched about skiing and snowboarding in the mountains out west! Our January trip to Snowmass is "sold out" but our Park City trip in February has one Queen bedroom open for a couple or a single willing to pay the single supplement. Our Vail Spring Break trip in March has room for only 6 more. Please do not delay in contacting the Trip Leaders if you are interested in either of these trips. You do not want to be left out! Also, please check the website for new information about the Napa Valley Wine Tour. Our club has not had a wine tour in years and it is high time we returned to California!

I wish you all the very best this beautiful season has to offer and ask you to remember those serving in the military far from home. Take care and safe travels!

*Jeannie Kilpatrick-Staubus*
