### JUST FOR FUN

#### Snow Fact:

A blizzard occurs when you can't see for 1/4 mile. The winds are always 35 miles an hour or more. The storm must last at least 3 hours to be classed as a blizzard. If any of these conditions are less, it is only a snowstorm.

#### Ski Fact:

'Skiing' is the only common six-letter word in English with a double-i exactly in the middle.

### President's Message

The heat and humidity of summer are upon us! While you're relaxing and vacationing, the SCS&TC Board of Directors and Trip Leaders are busily preparing for our upcoming events and trips! We just got back from the Florida Ski Council Spring Meeting at the beautiful Mission Inn at Howey-in-the-Hills. We met with officers from ski clubs all around the state and shared information about our favorite ski resorts and travel destinations. Our club had a fantastic ski season last year and we are determined to reach even more travelers in 2015. We have a Ladies Spa Weekend in Miami on July 24-27 to be followed by a Thailand Tour on October 11-24. Then we'll start our ski season with a "Warm-Up Trip" to Taos, New Mexico in early December. Trips to Telluride, Crested Butte, Mammoth and Madonna, Italy will round out the list. Mark your calendars now for the Extravaganza Kick-off Party on September 6. It will be held at the Heritage Isle clubhouse in Viera this year and we are very excited about this new location. Plan to sign up for a trip that night so you won't be left out! Enjoy your summer!

## MEMBER INFO

Since 1984, the Florida Ski Council has supported charities at the resorts we visit as well as here in Florida. Local charities in both Snowmass and Park City benefited financially this past ski season from having Florida ski clubs visit their town and mountain. The two charities in Florida that receive a financial contribution are the Veteran's Adaptive Sports Program and The St. Augustine School for the Deaf and Blind.

This year, each charity received \$3500 from **YOU**, club members who came on our trips. We are always touched to hear how getting out on the mountain and skiing just like you and me has changed their lives. The positive impact reaches far beyond the slopes into their daily lives in many ways.
